

Suzann Knight
Director of Curriculum Resources
Jump\$Start Coalition for Personal Financial Literacy

As Director of Curriculum Resources, Suzann Enzian Knight is Jump\$Start's primary point of contact for the Jump\$Start Clearinghouse and Jump\$Start Financial Foundations for Educators (J\$FFE) Online professional development website.

Suzann Enzian Knight has a passion for spreading personal financial knowledge to individuals of all ages. Her career started as a public school teacher and department head for which she gained an awareness of how little the students knew about personal finance and the need for education. Moving on to being involved with adult education, Suzann gained how some adults are very knowledgeable and then there are others with outdated or no knowledge about the subject. She enjoyed creating and providing workshops on a variety of personal financial topics to increase their understanding as well as writing curriculum for adult educators to conduct.

Being a founding member of the New Hampshire Jump\$Start Coalition is a highlight of her career. She was on the Board of Directors and chaired the Education Committee, which sponsored the annual Money Smarts Teacher Conference. Suzann has received a variety of awards throughout her career some of which are from IRS, NEFE and USDA. Currently, Suzann is teaching an online personal finance course to college students who repeatedly state they wish they had this information when they were younger and particularly in high school. She is excited to be working with the Jump\$Start Coalition to assist with providing personal financial education to children, youth, teachers and families. suzann.knight@jumpstart.org
